

# The South Lawn Medical Practice News November 2023

## Final Call for Flu

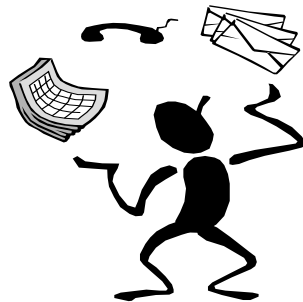

**Any patients that are eligible for a seasonal flu vaccination & have not yet made an appointment, please ask a receptionist to book a time for you to come in & see a Nurse to receive the vaccine.**

Please let us know if a telephone consultation would work for you when you contact the Practice.

The doctors can help with many problems or queries without the need for a face to face consultation.

Alternatively you can contact us online via the Practice Website

Be assured the information you share with the receptionists when making your request is treated in the strictest confidence, and enables doctors to prioritise the more pressing matters first

## Wrap up Warm

**As it starts to get colder, please remember to help yourselves and your families, especially any elderly relatives, keep warm and well as possible.**

**Wear plenty of warm layers when venturing outside, keep your home warm, drink plenty of fluids and eat well—particularly warm, wholesome foods.**

**You can also access lots of helpful information by calling the**

**the  
Winter Warmth  
Advice Line (open  
8am to 8pm  
Monday to Friday)  
0800 316 2805**

## Friends and Family

**Thank you to everyone who has taken the time over the last few months to complete a Friends and Family questionnaire to give us your feedback**

**We are delighted to share that 95% of patients have responded that they had a very good or good experience of our services**
